Marlene H. Dortch

Secretary

Federal Communications Commission

445 12th Street, SW

Washington, DC 20554

CG Docket Nos. 13-24 and 03-123

RE: Please Grant FCC Approval of the InnoCaption App
Created by Miracom for Smartphone Devices

Dear Secretary Dortch,

I am writing to strongly endorse the InnoCaption product for a Smartphone and urge the FCC to grant speedy approval of this product for the deaf and hard of hearing community. A product such as this is in great demand for those with a hearing loss trying to interact and compete in today's hearing world. InnoCaption offers a level playing field that is not currently available with today's caption services.

For those with a hearing loss, it becomes difficult to make and/or receive phone calls in any environment, but it is especially hard in a mobile application. Hearing impaired citizens should be able to make or receive calls to and from friends, family, neighbors or business associates at any time or place without advance notice or complicating process for either party.

For example, in the event of a breakdown on the road, all citizens with a cell phone should be able to call a tow service without worry or frustration.

I am not connected with Miracom or the InnoCaption product in any way. I am simply a private citizen with hearing-impaired friends and family members and I urge the Commission to grant quick approval of this product for their sake.

Thank you for taking serious note of this request.

Sincerely,

Richard Waiton

2707 E Franklin Street

Richmond, VA 23223
